2023 - 2026

CAREER OBJECTIVE

⚡ Independent Full-Stack Developer with hands-on experience building modern websites, web applications, and automation solutions. Currently developing the frontend of the NeuralForge AI website as a personal project since 2025.

WORK EXPERIENCE

Independent Full-Stack Developer

2025 - Present

- ▶ Working independently on full-stack web products and automation-focused solutions.
- ▶ Building and improving the NeuralForge AI website frontend as a personal project since 2025.
- ▶ Designing responsive UI and frontend architecture with a strong performance and UX focus.
- ▶ Continuously shipping feature updates and refinements to improve product quality.

Frontend Development Intern @ InternPe (Virtual)

Jul - Aug 2025

- ▶ Completed a 4-week remote internship focused on modern frontend web technologies.
- ▶ Designed and developed responsive pages using HTML5, CSS3, and JavaScript.
- ▶ Optimized UI components for mobile responsiveness and faster page loads.
- ▶ Collaborated with team members to fix bugs and improve interface quality.

FEATURED PROJECTS

NeuralForge AI - Frontend Website (Personal Project)

2025 - Present

- ▶ Personal project focused on building and improving the frontend of the NeuralForge AI website.
- ▶ Ongoing frontend development since 2025 with responsive UI and performance optimization.
